Hi Kathy,
It looks like about three hours with another hour for lunch. So, we should be finished by 1:00 at each site. This does not take into consideration any extra time industry needs. I've copied John Fenton and Greg Oberley.
Thanks,
Deb

Thanks Deb,
Could you please give me an estimated amount of time that you would like for each site visit so I can coordinate schedules.

Thanks - Kathy

Good Morning Kathy,
EnCana representatives are not invited to the tour that the Pavillion folks are doing. Also, there will be more than just three people on the landowner's tour; I'll let you know how many when I get a confirmation from PACC. It was my understanding, from our telephone conversation Friday, that you would copy me on the emails that are being sent to EnCana and Mr. Oberley. Is that still possible? I've copied John Fenton, PACC chair, on this one, so that the Pavillion folks can be in the loop. Have a good Sunday.

Thanks,
Deb

Deb,

I am going to talk to EnCana on Monday about the Pavillion portion of the trip.

Question: is EnCana able to join us on the portion of the trip with you and John Fenton (i.e. Locker & [REDACTED] home)? I want to be able to let them know if they are invited, prior to asking them if you and John Fenton (and possibly a third) can join their portion of the trip. If you can let me know by Monday morning I would greatly appreciate it.

Thanks - Kathy

9:30 A.M. on Friday morning is good for me.

Thanks,
Deb

Anytime, but I'll throw out a civilized 9:30 am? If later or afternoon is better for you let me know.

Hi again,
I'll discuss with our members and email our suggestions. Friday looks good; I should be in the office all day. What time will work for you?
Thanks,
Deb

Deb,

I'm in training the next 3 days, but would like to talk to you on Friday if possible about the trip. In the mean time, if you could provide me with suggestions for the meetings, then on Friday I can be better prepared to talk about these items.

thanks - Kathy

Hi Kathy,

Pavillion members, including the [REDACTED] have been contacted. We would like to know how you envision the site visits in Pavillion and Clark taking place, and would like to make suggestions about how they'll be conducted.

Thanks,

Deb

Deb,

Does Louis know about the site visit in Pavillion or do I need to contact him?

thanks

Hi Kathy,

We are looking forward to meeting with you and Mr. Oberley on the 14th. It is my understanding that we will also be meeting in Pavillion on the following day, the 15th. Please let me know where, and at what time we may meet you for the two site visits.

Thanks,

Deb

Subject: EPA Site Visit

Deb,

Hope all is well up your way.

I am going to be accompanying Greg Oberley with EPA Region 8 on a site visit of the Clark area on May 14. Greg and I will both be in Cody on the night of May 13, so we will be up at the site tentatively between 9:30 and 10:30 am. Let me know if you would like to connect with Greg and myself on May 14, and if any other Line Creek residents might also want to. There is not going to be a formal invitation/announcement as this is not a formal public meeting, but a site visit where we will both be available to answer questions/listen to concerns.

Thanks -

Kathy Brown, P.G.
